

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Liquor, to conduct into the *Ovarium*, by ways unknown to me, choosing rather to publish my Weakness, than the least Error in the World.

IV. Of a Venomous Scratch with the Tooth of a Porpos, its Symptoms and Cure. By Dr. Martin Lister, Fellow of the College of Physicians and R. S.

FORIE ex Dissectione Delphini, ante dies Tres minimum mortui, ad modum leviter digitum vulneravi ab internâ parte, at citra Sanguinem, scilicet simplici dentis rasurâ. Nihil autem mali inde sensi ad quartum usq; diem: quo tempore cum quodam livore digitus paululum intumuit ad Articulum: malum indies serpebat, adeo ut intra alios quatuor Dies digitos duos infecisset; tertiusq; tandem digitus male se habuit. Plurima ex consilio Chirurgorum adhibui, at parum profuerunt; jam manus correpta est, dolorque carpum invasit, ex hoc autem fomento primum stetit. [R aq. spermatis ranarum ℥vi, Boli Armen. ℥is. f. Vitrioli albi ℥iiii. m.] calide bis quotidie admotum est. Item interdum alio modo [R Vitrioli albi combusti, Boli Armeniac an. ℥iiii. Camph. ℥i. aq. communis ℔ viii. m. f. Collyrium.] Deinde Nutrito imposito, & superinjecto Emplastro ex bolo & Diapalma, convalui ex hoc inusitato ac improviso malo. Præter livorem autem, qui satis venenum indicabat, molestus ac odiosus quidam pruritus, an igniculus dicam, me dies noctesq; vehementer angebat: cuticulam partium correptarum ex toto perdididi: digiti autem ad vires suas non nisi post aliquot Menses restituti sunt.
